## ETC Interim WiFi Locations

In an effort to support our local communities during trying times we will be offering public WiFi at several of our wire centers. This will hopefully allow children without current access to home internet a location they can swing by daily to download their school work during this interim period. We have locations in Fannin, Gilmer, Pickens and Polk Counties. WiFi at locations should be up and working by Monday 3/16.

Use the UP/DOWN arrows to sort by WiFi Locations attributes.
