City Clerk, Kelly Crowder & Council

This shall serve as my notice of Veto pertaining to the Amendment of Ordinance BR2021-05 on 04/13/21.

While I do understand and appreciate the regulating of Short-Term Rentals, I am still of the opinion that the following changes should be modified/changed:

- Fines should be set based on the offense.
- Adequate notice on the first offense to allow the Short-term rental company or Owner opportunity to make the necessary changes to reservations.
- Garbage collection shall follow the City of Blue Ridge Garbage Collection Ordinance, utilizing one of the three Garbage services approved by the city.
