

Task Release

THIS ___ day of _____ 2019, the undersigned Owner offers and the undersigned Engineer agrees to provide and perform services as identified herein (the “Work”) on a project identified herein (the “Project”) under the terms and conditions set forth herein and in a certain extension of **Master Agreement** for engineering services, No. 001, dated January 8, 2019, between the Owner and the Engineer (the “Master Agreement”) which is incorporated herein by reference and made a part hereof as if fully restated herein.

1. The Project:

1.1 This Task Release is for a Project described as:

Sanitary Sewage Lift Station Evaluations (CVS, Industrial Park Rd., & Aska Rd.)

A. More specifically, the project includes the evaluation of four (4) existing sanitary sewage lift stations (CVS, Industrial Park Road, and Aska Road #1 & #2) to determine if two (2) of the stations could be taken out of service by running a new gravity sewer line. Also included is the evaluation of the possibility of redirecting the flow from the Industrial Park Rd. lift station to prevent it from pumping to the CVS lift station.

2. The Work:

2.1 Engineer shall provide the following Work on the Project as defined herein and as follows:

- A. Review of any existing documentation from the City.
- B. Review of current conditions, topography, lift station sites, etc.
- C. Run calculations to determine likely improvement options and associated costs. Compare to current O&M and future replacement costs.
- D. Provide a written description of any improvements that would be required to remove the existing lift stations from service and/or redirect the flow from the Industrial Park Rd. lift station. Present this information to the City Council at a meeting, if requested.
- E. No design of the actual improvements will be provided as part of this proposal.

3. The Engineer’s Representations:

- 3.1 The Engineer represents and warrants that it is fully and professionally qualified to act as the engineer for the Owner on the Project and is licensed to practice engineering by all entities or bodies having jurisdiction over the Project and the Work. The Engineer represents and warrants that it shall maintain any and all licenses, permits or other authorizations necessary to act as the engineer for the Work.
- 3.2 The Engineer represents and warrants that it has become familiar with the Project site and the local conditions under which the Work, and any work of the Owner or the Owner's other contractors based upon the Work, is to be performed.
- 3.3 The Engineer represents and warrants that it has obtained, reviewed, and carefully examined the Owner-Supplied Information for the Project.
- 3.4 The Engineer represents and warrants that it shall prepare all documents and things required by this Task Release in such a manner that all such documents and things shall be complete, accurate, coordinated and adequate for purposes intended, and shall be in conformity and comply with all applicable law, codes and regulations. The Engineer represents and warrants that, in performing the Work under this Task Release, it shall comply with all terms and conditions of the Master Agreement.

4. Contract Time:

- 4.1 Upon execution of this Contract and commitment by Owner of funds to complete the Project, Engineer will commence performance of its services hereunder, and will complete same within a time period mutually established between Owner and Engineer to meet Project schedules.

5. Contract Price:

Task	Description	Fee Basis
A	Lift Station Evaluation	\$ 3,250.00
B	Additional Engineering Contingency*	\$ 1,000.00
	(*not to be billed without approval from City)
