

**Task Release**

---

THIS 4 day of June 2018, the undersigned Owner offers and the undersigned Engineer agrees to provide and perform services as identified herein (the "Work") on a project identified herein (the "Project") under the terms and conditions set forth herein and in a certain extension of **Master Agreement** for engineering services, No. 001, dated December 17, 2015, between the Owner and the Engineer (the "Master Agreement") which is incorporated herein by reference and made a part hereof as if fully restated herein.

**1. The Project:**

1.1 This Task Release is for a Project described as:  
*Fire Flow Evaluation for Hwy 515/Ballewtown Road Area*

A. More specifically, the project includes the evaluation of the existing water system and the addition of potential future customers in order to ensure adequate pressure and flow under fire conditions throughout the southern portion of the system in the Hwy 515/Ballewtown Road area.

**2. The Work:**

2.1 Engineer shall provide the following Work on the Project as defined herein and as follows:

- A. Review of any existing documentation from the City.
- B. Review of current conditions, topography, home and/or commercial sites, etc. as it relates to ensuring adequate fire protection.
- C. Run fire flow analysis of the existing water system in the area.
- D. Provide a written description of any improvements that would be required to provide adequate fire protection throughout the Hwy 515/Ballewtown Road area. Present this information to the City Council at a meeting, if requested.
- E. No design of the actual improvements will be provided as part of this proposal.

**3. The Engineer's Representations:**

3.1 The Engineer represents and warrants that it is fully and professionally qualified to act as the engineer for the Owner on the Project and is licensed to practice engineering by all entities or bodies having jurisdiction over the Project and the Work. The Engineer represents and warrants that it shall maintain any and all

licenses, permits or other authorizations necessary to act as the engineer for the Work.

- 3.2 The Engineer represents and warrants that it has become familiar with the Project site and the local conditions under which the Work, and any work of the Owner or the Owner's other contractors based upon the Work, is to be performed.
- 3.3 The Engineer represents and warrants that it has obtained, reviewed, and carefully examined the Owner-Supplied Information for the Project.
- 3.4 The Engineer represents and warrants that it shall prepare all documents and things required by this Task Release in such a manner that all such documents and things shall be complete, accurate, coordinated and adequate for purposes intended, and shall be in conformity and comply with all applicable law, codes and regulations. The Engineer represents and warrants that, in performing the Work under this Task Release, it shall comply with all terms and conditions of the Master Agreement.

**4. Contract Time:**

- 4.1 Upon execution of this Contract and commitment by Owner of funds to complete the Project, Engineer will commence performance of its services hereunder, and will complete same within a time period mutually established between Owner and Engineer to meet Project schedules.

**5. Contract Price:**

<b>Task</b>	<b>Description</b>	<b>Fee Basis</b>
A	Fire Flow Evaluation	\$ 3,750.00
B	Additional Engineering Contingency*	\$ 1,000.00
	(*not to be billed without approval from City)	
<b>TOTAL FEE</b>		<b>\$4,750.00</b>

*Lump Sum fee amounts listed above shall not-exceed the amounts listed without prior written authorization.*

Hourly rates for Additional Services are listed provided in the Master Agreement.

- 5.1 The Owner agrees to pay the Engineer for the Work described above the lump sum Contract Price of **Four Thousand Seven Hundred Fifty and 00/100 dollars (\$ 4,750.00)** for the agreed upon scope described herein.
